

CAPTAIN
SHAGGY

Captain Shaggy Mask Instructions:

- * cut around the dotted lines to create your very own Captain Shaggy Halloween Mask.
- * i would suggest you glue it down on some firm card to ensure it is not too light.
- * secure the hat elastic around the mask to suite your childs face.
- * carefully cut out the holes for your child to see through; a hole punch is a good way to get a nice little hole.
